

# Trainer Profile

## DAVID HAZLEWOOD

David has over 20 years' experience in Project, Program and Portfolio Management, working predominantly in Australia, New Zealand and Asia. David has worked with both public sector and private organisations including NSW Department of Ageing, Disability & Home Care, Queensland Government Office of the CIO, and Insurance Australia Group, to ensure their ability to deliver expected benefits and products, and ensuring strategic organisational objectives are met. David is also experienced in performing organisational Project Management Maturity Assessments (PjM3).

Through the implementation of these Assessments David delivers findings and asserts recommendations to improve organisational capability. This report is translated into an implementation plan to provide skills transfer and uplift, through workshops, one-on-one coaching and formalised instructor-led training.

David's aim is to improve the organisational competencies and capabilities of the client, adding value by helping to deliver an end goal.

### CONSULTANCY & TRAINING

- Lead Consultant on Transurban Capability Assessment and implementation of PRINCE2® Project Management across the organisation
